(Effective Date June 1, 2009)**

**HCPCS Updates and Corrections**

Under authority of Regulation 114.3 CMR 22.01, the Division of Health Care Finance and Policy is adding a new modifier to an existing code with a new rate a durable medical equipment service. As outlined in 22.01(5), Coding Updates and Corrections, the Division is permitted to publish such changes in the form of an Informational Bulletin that lists: (a) codes for which the code numbers changed, with the corresponding crosswalks; (b) codes for which the descriptions changed; (c) deleted codes for which there are no crosswalks; and (d) for new codes that require new pricing, the Division is permitted to list these codes and price them at a percentage of prevailing Medicare fees as described in 114.3 CMR 22.03(15), when Medicare fees are available. When Medicare fees are not available, the Division is permitted to apply individual consideration in reimbursing for these new codes until appropriate rates are developed. The changes are effective as of June 1, 2009.
